¹ Guided Reading Level/Reading Recovery® Level: Guided Reading Levels were assigned by EPS Literacy and Intervention based on text characteristics from Fountas and Pinnell, *Matching Books to Readers*. Reading Recovery® Levels were assigned by Reading Recovery®, a registered trademark of Ohio State University.

The complete Reading Recovery® Book List, created by Ohio State University, includes books from numerous publishers, since a premise of the program is that children be provided with a wide range of texts. One publisher's book list alone is not sufficient to implement a Reading Recovery® program. Levels are subject to change as they are periodically tested and reevaluated.
